Profile

'…Two roads diverged in a wood, I took the one less travelled by, and that has made all the difference'.
I am an individual fixated with leaving a mark on the sands of time. My life journey has been an interesting combo of trials and successes. I can manage many tasks in a high-pressured environment, possess superb communication and team-building skills. With my well-developed technical and interpersonal skills. I hope to continually impact the world positively. And to never stop learning

Education

January 2018 – 2020
University College Dublin, Ireland
PhD in Data Science and Engineering.
Topic: Mining Semantics in Heterogenous Spatial Networks.
Supervisors: Professors Gavin McArdle & Michela Bertolotto.
Conferences: ECML PKDD, Dublin 2018 – PhD Forum.
ACM Symposium on Applied Computing, Cyprus 2019 – A Transfer Learning Paradigm for Spatial Networks (under review).

2016 – September 2017
University of Southampton, United Kingdom
M.Sc. Computer Science
Majored in Machine Learning and Data Science
Thesis: Image Abstraction for Transmission Systems.

2010 – 2014
University of Jos, Nigeria
B.Sc. Computer Science – 89%
Thesis: An Efficient Admissions Framework Using the Modified Knapsack Model.

2005 – 2008
Nobel Comprehensive High school, Lagos, Nigeria
West African Senior Secondary School Certificate (WASSCE)

Scholarships and Awards

January 2018 UCD-CS Postgraduate Research Scholarship.
January 2017 Max-Planck-Gesellschaft Travel Grant: Pre-Doctoral Summer School.
September 2016 Chevening Scholarships.
September 2016 Southampton Postgraduate Taught Merit Scholarships (declined).
May 2015 Third Best Graduating Student – Class of 2014.
September 2013 Federal Scholarships for Outstanding Undergraduates.
June 2008 Best Result – WASSCE.

Work Experience

January 2018 – May 2018
Teaching Assistant (COMP10120), University College Dublin
- Facilitate programming lab sessions – C, C++.
- Handle student queries and concerns.
- Oversee administration of the module.

October 2017 – January 2018
Data Scientist, Bright Talk, London, United Kingdom (Contract).
- Spearheaded a Data Audit for the organisation.
- Developed a framework that leverages historical data for content recommendation on the user page.

- Design modalities for GDPR compliance.

June 2017 – September 2017 **Spatial Data Mining Intern, Ordnance Survey, Southampton**
- Researcher in the Business, Change and Innovation Group.
- Clean and analyse data using graph mining techniques.
- Proffer value-added solutions to clients using predictive modelling.

2017 – May 2017 **Consultant, IBM Business Innovation Programme**
- Consult for businesses in the Hampshire area to enhance business delivery using IT solutions.

2015 – 2016 **Research Associate, Federal Ministry of Education, Nigeria.**
- Investigating the effectiveness of tangible interfaces for early stage students.
- I doubled as Senior Programmer and Liaison officer.

2014 – 2016 **Systems Engineer II, ICT Complex, University of Jos, Nigeria.**
- Graduate Software Developer intern.
- Design and maintain the University LMS codebase (PHP, SQL, JavaScript)

Professional organizations and Certifications

November 2016 **Institute of Electrical & Electronics Engineers Member** – 94109044

September 2015 **Computer Professionals of Nigeria (CPN)** – GM/0001777/2015

August 2015 **Cisco Certified Network Associate (CCNA)**

Skills

Tech Java, Scala, Javascript, Python, R, Hadoop, Apache Spark, Oracle Spatial, Neo4J, C, C++, Dart, SQL, NoSQL, PHP, Gradle, Maven, Django, Flask, Jupyter.
Predictive Analysis, Network Analysis, Spark, NLP, Machine Learning, ETL, Sentiment Analysis, Data Analytics, Business Intelligence.

Language English (Fluent), Igbo (native)

Interests

Music I engage actively in music and belong to several choral groups, performing from classical to contemporary. I have also led as Choirmaster, including organizing practice sessions and planning performances.

Sports I love running and keeping fit. I train at the University gym.

TV Shows Silicon Valley.
